

PODAR ENRICHMENT ACADEMY

Learning for Life

→ **Project Making:-**

- Introduction of basic electronic components
 - How to do basic soldering
 - How to make a simple circuit
 - Making simple circuit diagrams
 - How to use digital multi-meter
 - How to use basic electronic components
 - How to use Hydraulic Power
 - Making Hydraulic JCB
 - How to build solar bottle bulb
 - How to make balloon powered car
 - Production of electricity from discharge cell
 - How to use breadboard
 - Making homemade fire extinguisher
 - Annual day Practice
 - Making wind powered mobile charger
 - How to make rain alarm
 - Production of electricity from lemon
 - How to make solar mobile charger
 - Making periscope
 - Making fire alarm
 - Production of electricity from potatoes
-
